OBSERVER

David Harrower's electrifying and explosive play has Ray confronting his past when Una arrives unannounced at his office. Guilt and raw emotions run high as they recollect the passionate love affair they had 15 years earlier.

As tensions rise, we are left to question: when is love abuse? And can we ever break free from the shackles of the past?

This phenomenal award-winning drama has enjoyed highly successful seasons in both London's West End and on Broadway and recently premiered in Sydney directed by Cate Blanchett.

Robert Daws and Dawn Steele have been known to audiences across the UK through their appearances in THE ROYAL and MONARCH OF THE GLEN.

Blackbird re-unites the creative team behind the Laurence Olivier and Tony award-winning production of JOURNEY'S END: David Grindley, Jonathan Fensom, Jason Taylor and Greg Clarke.

★★★★★ 'One of the most daring plays of recent years'
